The Role of Occupational Therapy in End-of-Life Care, 65(S), S66-S75

Apraxia, Ideomotor

Improved Function After Combined Physical and Mental Practice After Stroke: A Case of Hemiparesis and Apraxia, 65(2), 161-168

Arm Injuries

Methodology for the Systematic Reviews on Occupational Therapy for Individuals With Work-Related Injuries and Illnesses, 65(1), 10-15

Aspirations (Psychology)

Exploring Expectations for Upper-Extremity Motor Treatment in People After Stroke: A Secondary Analysis, 65(4), 437-444

Attention

Pilot Study of the Effectiveness of Weighted Vests, 65(6), 688-694

Stability Balls and Students With Attention and Hyperactivity Concerns: Implications for On-Task and In-Seat Behavior, 65(4), 393-399

Attention Deficit Disorder With Hyperactivity

Effectiveness of Cognitive-Functional Intervention With Children With Attention Deficit Hyperactivity Disorder: A Pilot Study, 65(4), 384-392

Stability Balls and Students With Attention and Hyperactivity Concerns: Implications for On-Task and In-Seat Behavior, 65(4), 393-399

Auditory Perception

Electroencephalography in Children With and Without Sensory Processing Disorders During Auditory Perception, 65(4), 370-377

Autistic Disorder

Brief Report—Psychometric Validation of the Sensory Experiences Questionnaire, 65(2), 207-210

Early Intervention for Autism With a Parent-Delivered Qigong Massage Program: A Randomized Controlled Trial, 65(5), 550-559

Effects of a Father-Based In-Home Intervention on Perceived Stress and Family Dynamics in Parents of Children With Autism, 65(6), 679-687

Effects of Therapy Cushions on Classroom Behaviors of Children With Autism Spectrum Disorder, 65(2), 152-159

Research Scholars Initiative—Effectiveness of Sensory Integration Interventions in Children With Autism Spectrum Disorders: A Pilot Study, 65(1), 76-85

Automobile Driver Evaluation

Brief Report—Survey of Driving Evaluation and Rehabilitation Curricula in Occupational Therapy Programs, 65(2), 217-220

Automobile Driver Examination

Evaluating Driving as a Valued Instrumental Activity of Daily Living, 65(1), 64-75

Usefulness of Screening Tools for Predicting Driving Performance in People With Parkinson's Disease, 65(5), 579-588

Automobile Driving

Barriers to Developing and Sustaining Driving and Community Mobility Programs, 65(4), e38-e45

Brief Report—Survey of Driving Evaluation and Rehabilitation Curricula in Occupational Therapy Programs, 65(2), 217-220

Driving Simulator Sickness: An Evidence-Based Review of the Literature, 65(2), 179-188

Simulated Driving Performance of Combat Veterans With Mild Traumatic Brain Injury and Posttraumatic Stress Disorder: A Pilot Study, 65(4), 419-427

Usefulness of Screening Tools for Predicting Driving Performance in People With Parkinson's Disease, 65(5), 579-588

Back Injuries

Effective Occupational Therapy Interventions in the Rehabilitation of Individuals With Work-Related Low Back Injuries and Illnesses: A Systematic Review, 65(1), 37-43

Behavior

Effectiveness of Environment-Based Interventions for People With Alzheimer's Disease and Related Dementias, 65(S), 514-522

Behavior Control

Stability Balls and Students With Attention and Hyperactivity Concerns: Implications for On-Task and In-Seat Behavior, 65(4), 393-399

Behavior Therapy

Effects of Therapy Cushions on Classroom Behaviors of Children With Autism Spectrum Disorder, 65(2), 152-159

The Issue Is—More Than Good Intentions: Advancing Adherence to Therapy Recommendations, 65(4), 471-477

Bibliometrics

The Issue Is—Journal Quality Metrics: Options to Consider Other Than Impact Factors, 65(3), 346-350

Brain Injuries

Simulated Driving Performance of Combat Veterans With Mild Traumatic Brain Injury and Posttraumatic Stress Disorder: A Pilot Study, 65(4), 419-427

Bursitis

Occupational Therapy Interventions for Shoulder Conditions: A Systematic Review, 65(1), 16-23

Caregivers

Effect of Educational and Supportive Strategies on the Ability of Caregivers of People With Dementia to Maintain Participation in That Role, 65(5), 541-549

Cerebral Palsy

Brief Report—Center-of-Pressure Movements During Equine-Assisted Activities, 65(2), 211-216

Interrater Reliability of the Melbourne Assessment of Unilateral Upper Limb Function for Children With Hemiplegic Cerebral Palsy, 65(4), 378-383

Child, Preschool

Efficacy of an Early Intervention Program for At-Risk Preschool Boys: A Two-Group Control Study, 65(4), 400-408

Factors Associated With Therapists' Involvement in Children's Transition to Preschool, 65(1), 86-94

Objectivity and Stability of the Preschool Imitation and Praxis Scale, 65(5), 569-577

Child Behavior

Effects of Therapy Cushions on Classroom Behaviors of Children With Autism Spectrum Disorder, 65(2), 152-159

Child Development

Brief Report—Caregiver Awareness of Prone Play Recommendations, 65(1), 101-105

Prenatal Cocaine Exposure and Motor Performance at 4 Months, 65(5), e60-e68

Relationship Between Postural Control and Fine Motor Skills in Preterm Infants at 6 and 12 Months Adjusted Age, 65(6), 695-701

Child Development Disorders, Pervasive

Research Scholars Initiative—Effectiveness of Sensory Integration Interventions in Children With Autism Spectrum Disorders: A Pilot Study, 65(1), 76-85

Child Rearing

Effects of a Father-Based In-Home Intervention on Perceived Stress and Family Dynamics

in Parents of Children With Autism, 65(6), 679-687

Chronic Disease

Occupational Therapy Interventions for Chronic Diseases: A Scoping Review, 65(4), 428-436

Clinical Competence

Critical Reasoning Scores of Entering Bachelor's and Master's Students in an Occupational Therapy Program, 65(6), e86-e94

Effect of a DVD Intervention on Therapists' Mental Health Practices With Older Adults, 65(3), 297-305

Evaluating Driving as a Valued Instrumental Activity of Daily Living, 65(1), 64-75

Clinical Protocols

Manualization of Occupational Therapy Interventions: Illustrations From the Pressure Ulcer Prevention Research Program, 65(6), 711-719

Clothing

Pilot Study of the Effectiveness of Weighted Vests, 65(6), 688-694

Cocaine-Related Disorders

Prenatal Cocaine Exposure and Motor Performance at 4 Months, 65(5), e60-e68

Cognition

Cognitive Predictors of Life Skill Intervention Outcomes for Adults With Mental Illness at Risk for Homelessness, 65(3), 277-286

Cognitive Profile Difference Between Allen Cognitive Levels 4 and 5 in Schizophrenia, 65(4), 453-461

Level of Function at Discharge as a Predictor of Readmission Among Inpatients With Schizophrenia, 65(3), 314-319

Using the LOTCA to Measure Cultural and Sociodemographic Effects on Cognitive Skills in Two Groups of Children, 65(3), e29-e37

Cognition Disorders

Centennial Vision—Rehabilitation, Disability, and Participation Research: Are Occupational Therapy Researchers Addressing Cognitive Rehabilitation After Stroke? 65(4), e46-e59

Cognitive Profile Difference Between Allen Cognitive Levels 4 and 5 in Schizophrenia, 65(4), 453-461

Driving to Learn in a Powered Wheelchair: The Process of Learning Joystick Use in People With Profound Cognitive Disabilities, 65(6), 652-660

Executive Dysfunction and Depressive Symptoms Associated With Reduced Participation of People With Severe Congestive Heart Failure, 65(3), 306-313

Cognitive Therapy

Cognitive Approach to Improving Participation After Stroke: Two Case Studies, 65(1), 55-63

Effectiveness of Cognitive-Functional Intervention With Children With Attention Deficit Hyperactivity Disorder: A Pilot Study, 65(4), 384-392

Commerce

The Issue Is—Wanted: Entrepreneurs in Occupational Therapy, 65(2), 221-228

Community Health Services

Barriers to Developing and Sustaining Driving and Community Mobility Programs, 65(4), e38-e45

Occupational Therapy Interventions for Chronic Diseases: A Scoping Review, 65(4), 428-436

Community Mental Health Services

Effectiveness of Activity-Based Group Work in Community Mental Health: A Systematic Review, 65(3), 257-266

Randomized Controlled Pilot Study of an Occupational Time-Use Intervention for People With Serious Mental Illness, 65(3), 267-276

Comparative Effectiveness Research

Effectiveness of Occupational Goal Intervention for Clients With Schizophrenia, 65(3), 287-296

Competitive Behavior

Presidential Address, 2011: High-Definition Occupational Therapy's Competitive Edge: Personal Excellence Is the Key, 65(6), 616-622

Effect of Educational and Supportive Strategies on the Ability of Caregivers of People With Dementia to Maintain Participation in That Role, 65(5), 541–549

Cooperative Behavior

Effectiveness of an Integrated Handwriting Program for First-Grade Students: A Pilot Study, 65(6), 670–678

Copyright

From the Desk of the Editor—Copyright in the Age of Digital Scholarship, 65(2), 123–124

Cross-Cultural Comparison

Using the LOTCA to Measure Cultural and Sociodemographic Effects on Cognitive Skills in Two Groups of Children, 65(3), e29–e37

Cues

Effectiveness of Interventions Designed to Modify the Activity Demands of the Occupations of Self-Care and Leisure for People With Alzheimer's Disease and Related Dementias, 65(5), 523–531

Culture

Using the LOTCA to Measure Cultural and Sociodemographic Effects on Cognitive Skills in Two Groups of Children, 65(3), e29–e37

Curriculum

Brief Report—Survey of Driving Evaluation and Rehabilitation Curricula in Occupational Therapy Programs, 65(2), 217–220

Data Collection

Creating a Clinically Useful Data Collection Form for the DASH Questionnaire, 65(1), 45–54

Data Interpretation, Statistical

Examination of the Factor Structure of the Disabilities of the Arm, Shoulder, and Hand Questionnaire, 65(2), 169–178

Decision Making

Critical Reasoning Scores of Entering Bachelor's and Master's Students in an Occupational Therapy Program, 65(6), e86–e94

Depression

Effect of a DVD Intervention on Therapists' Mental Health Practices With Older Adults, 65(3), 297–305

Executive Dysfunction and Depressive Symptoms Associated With Reduced Participation of People With Severe Congestive Heart Failure, 65(3), 306–313

Fear of Falling Among People Who Have Sustained a Stroke: A 6-Month Longitudinal Pilot Study, 65(2), 125–132

Relationships Between Sensory Modulation and Social Supports and Health-Related Quality of Life, 65(3), 320–327

Developmental Disabilities

Brief Report—Psychometric Validation of the Sensory Experiences Questionnaire, 65(2), 207–210

Diabetes Mellitus, Type 1

Participation in Occupation and Diabetes Self-Management in Emerging Adulthood, 65(4), 462–469

Disability Evaluation

Creating a Clinically Useful Data Collection Form for the DASH Questionnaire, 65(1), 45–54

Examination of the Factor Structure of the Disabilities of the Arm, Shoulder, and Hand Questionnaire, 65(2), 169–178

Improving Measurement Properties of the Recovery Assessment Scale With Rasch Analysis, 65(6), e77–e85

The Issue Is—Enhancing Our Collective Research Acumen by Using an Epidemiological Perspective, 65(5), 594–598

Modified Constraint-Induced Movement Therapy for Elderly Clients With Subacute Stroke, 65(4), 409–418

Validity of Using the Assessment of Motor and Process Skills to Determine the Need for Assistance, 65(6), 643–650

Early Intervention (Education)

Early Intervention for Autism With a Parent-Delivered Qigong Massage Program: A Randomized Controlled Trial, 65(5), 550–559

Efficacy of an Early Intervention Program for At-Risk Preschool Boys: A Two-Group Control Study, 65(4), 400–408

Factors Associated With Therapists' Involvement in Children's Transition to Preschool, 65(1), 86–94

Research Scholars Initiative—Effectiveness of a Handwriting Readiness Program in Head Start: A Two-Group Controlled Trial, 65(5), 560–568

Education

Occupational Therapy Interventions for Employment and Education for Adults With Serious Mental Illness: A Systematic Review, 65(3), 238–246

Education, Continuing

Effect of a DVD Intervention on Therapists' Mental Health Practices With Older Adults, 65(3), 297–305

Education, Graduate

Critical Reasoning Scores of Entering Bachelor's and Master's Students in an Occupational Therapy Program, 65(6), e86–e94

Education, Professional

Brief Report—Survey of Driving Evaluation and Rehabilitation Curricula in Occupational Therapy Programs, 65(2), 217–220

Educational Measurement

Effect of a DVD Intervention on Therapists' Mental Health Practices With Older Adults, 65(3), 297–305

Elbow

Systematic Review and Analysis of Work-Related Injuries to and Conditions of the Elbow, 65(1), 24–28

Electroencephalography

Electroencephalography in Children With and Without Sensory Processing Disorders During Auditory Perception, 65(4), 370–377

Empathy

Eleanor Clarke Slagle Lecture—Accentuate the Positive: Reflections on Empathic Interpersonal Interactions, 65(6), 623–634

Employment

Occupational Therapy Interventions for Employment and Education for Adults With Serious Mental Illness: A Systematic Review, 65(3), 238–246

Use of Job-Specific Functional Capacity Evaluation to Predict the Return to Work of Patients With a Distal Radius Fracture, 65(4), 445–452

Entrepreneurship

The Issue Is—Wanted: Entrepreneurs in Occupational Therapy, 65(2), 221–228

Environment

Effectiveness of Environment-Based Interventions for People With Alzheimer's Disease and Related Dementias, 65(5), 514-522

Effectiveness of Interventions Designed to Modify the Activity Demands of the Occupations of Self-Care and Leisure for People With Alzheimer's Disease and Related Dementias, 65(5), 523-531

Perspectives on Home Safety: Do Home Safety Assessments Address the Concerns of Clients With Vision Loss? 65(6), 635-642

Environment and Public Health

The Issue Is—Falls, Older Adults, and the Impact of the Neighborhood Environment, 65(6), e95-e100

Environment Design

Effectiveness of Environment-Based Interventions for People With Alzheimer's Disease and Related Dementias, 65(5), 514-522

Epidemiological Factors

Personal Factors Predictive of Health-Related Lifestyles of Community-Dwelling Older Adults, 65(3), 329-337

Epidemiological Methods
